## **Titan Service’s Deemed Essential Services (NALP LETTER)**

Hello...First and foremost we hope you are well through these unprecedented times facing us with the COVID-19 virus...We at Titan LLC take the safety of our employees and clients very seriously and that is our first priority. We also realize that the majority of our services are essential to the public and not only do we have a legal obligation to provide them but we do feel this can be done with minimal risk to all. With this being said we at Titan LLC will be following strict adherence to municipal and government guidelines and all other recommendations by the CDC. At this time we have put additional safety measures in place in response to COVID-19, including social distancing for crews, flexible work times, remote work for office employees, increased sanitation, and doing virtual and digital estimating, consulting and design remotely...We do believe if the situation warrants we can provide “no contact estimating” which is basically driving by a location, taking measurements and pictures and then communicating over video or phone.

At Titan LLC we provide snow and ice management for close to 100 commercial properties . The goal being to keep parking lots and sidewalks safe. This spring we will kick off our parking lot sweeping services to keep Anchorage under federal and municipal health guidelines for dust control and this spring and summer we will provide the following:

- Drainage and water mitigation and seeding to prevent erosion
- Full lawn and landscape services
- Repair and installation of retaining walls to prevent erosion and to prevent safety risks of failing walls, decks and stairs
- Repair rotten decks, retaining walls and stairs to prevent injuries to families and the public
- Performing regular maintenance to mow, prune control weeds, and inspect for safety and security issues
- Performing essential treatments to reduce the spread of dangerous and deadly diseases through pests like mosquitoes, ticks, and fleas
- Removing fallen trees and mitigating overhead hazards from wind effects
- Providing maintenance and plant removal to assist in fire abatement
- Managing invasive species to help with allergies; promoting maintenance free landscapes
- Keeping public and private pathways free from obstruction and potential risk.
- Provide fencing to keep family’s safe and animals and intruders out
- Install asphalt driveways to keep houses and offices sanitary, mud and dirt free
- Install family gathering areas where time can be spent outdoors for health and welfare
- Building, infrastructure, and fire damage

Since 2010 Titan LLC has been dedicated to the site work industry here in Anchorage and the well-being of our community. Many on our staff and myself are life long Alaskans and we remain unwavering in this commitment, even in these uncertain times. Please know that our tremendous staff of professionals are here to continue providing you and your family with the highest levels of quality and workmanship possible. Finally, we are preparing for spring as our workload as an essential business is critical for many families and businesses. We are expecting the spring/summer season to be shorter this year due to the delays caused by the COVID-19 virus. We are recommending to our customers to inquiry early for estimates and signing contracts to ensure your essential project is completed this summer. Please enter your information through our “Contact & Location” page at [www.titanalaska.net](http://www.titanalaska.net) or call us at 907-334-8044 to tell us about your project. Our experienced estimating team is looking forward to talking about your specific project needs. Also more information and examples of our workmanship can be seen on our Facebook page at <https://www.facebook.com/TitanLLC.Dreamscapes/>

“We are in this together”

Sincerely,
